

Environmental Solution Design

Section 8: Environmental Change Solutions

Name: _____

Date: _____

Design a solution to help organisms affected by environmental change.

SOLUTION NAME: _____

Problem it solves:

How it works (step-by-step):

1. _____
2. _____
3. _____
4. _____

Materials/Resources needed:

- _____
- _____
- _____

Benefits:

Organisms helped: _____

How much problem reduced: _____

Other positive effects: _____

Potential Problems/Limitations:

- _____
- _____
